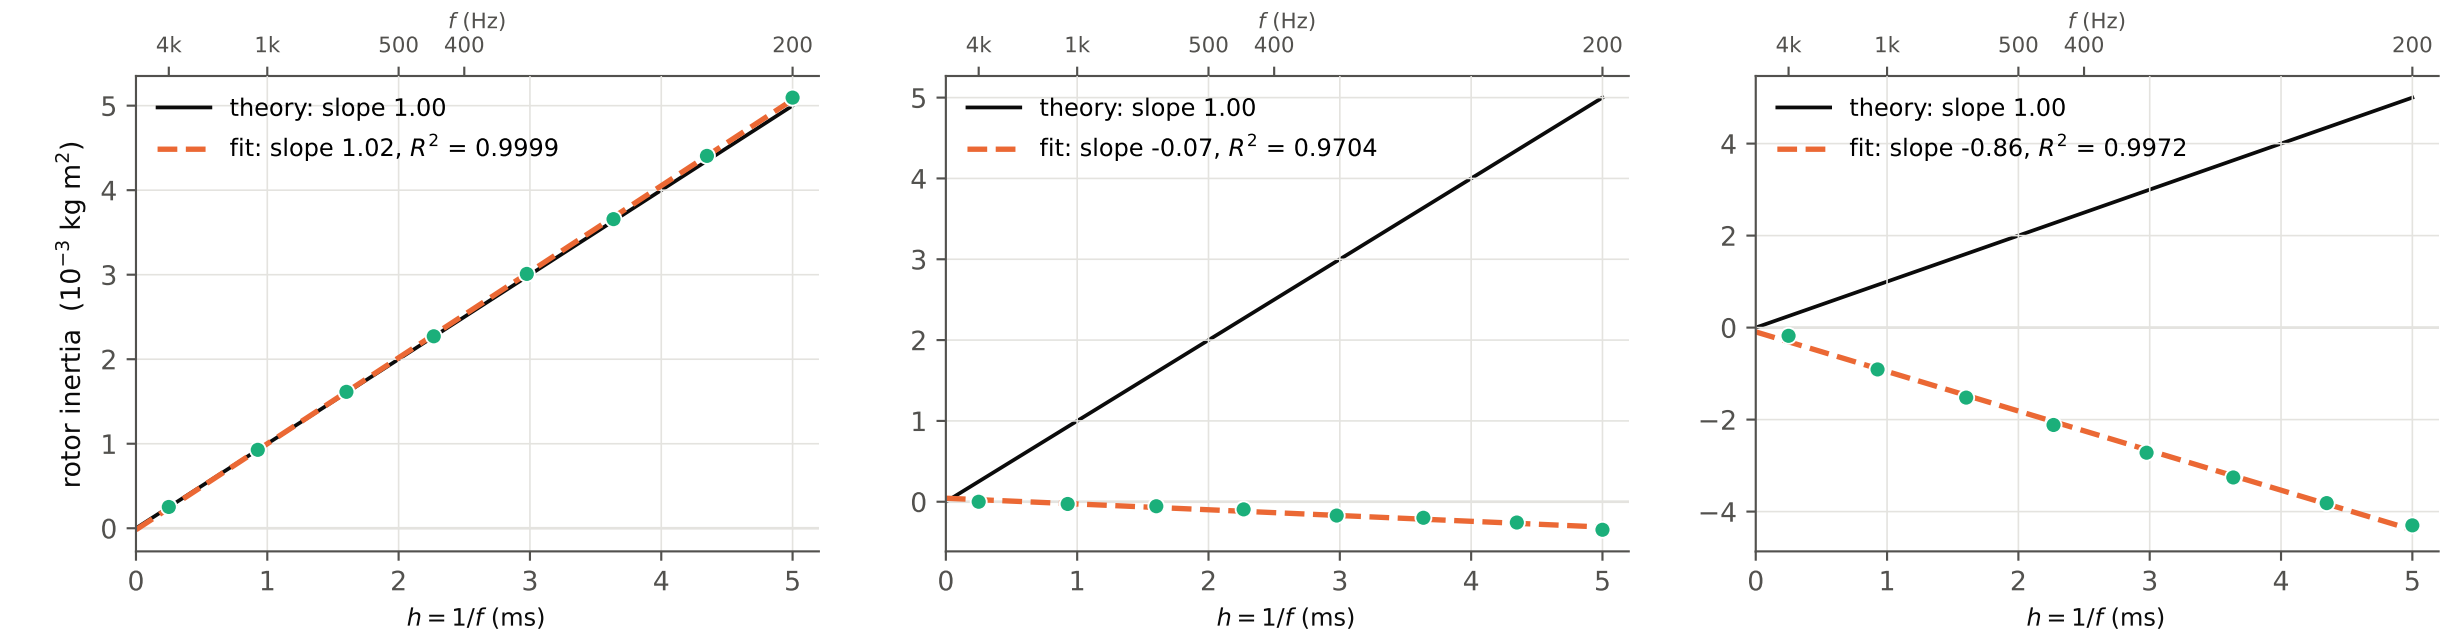
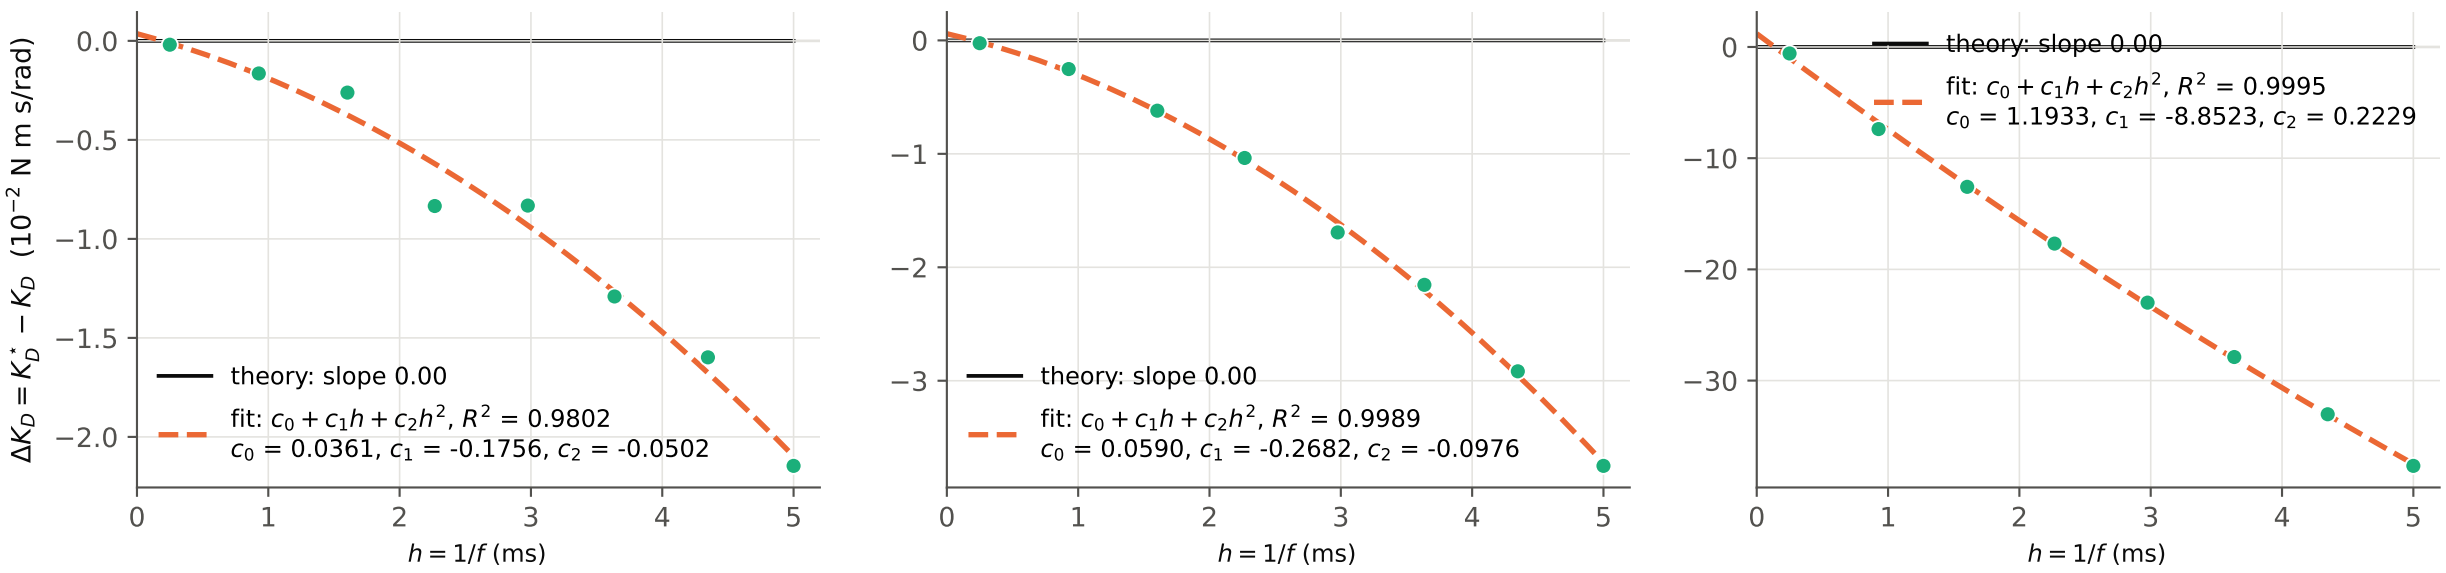
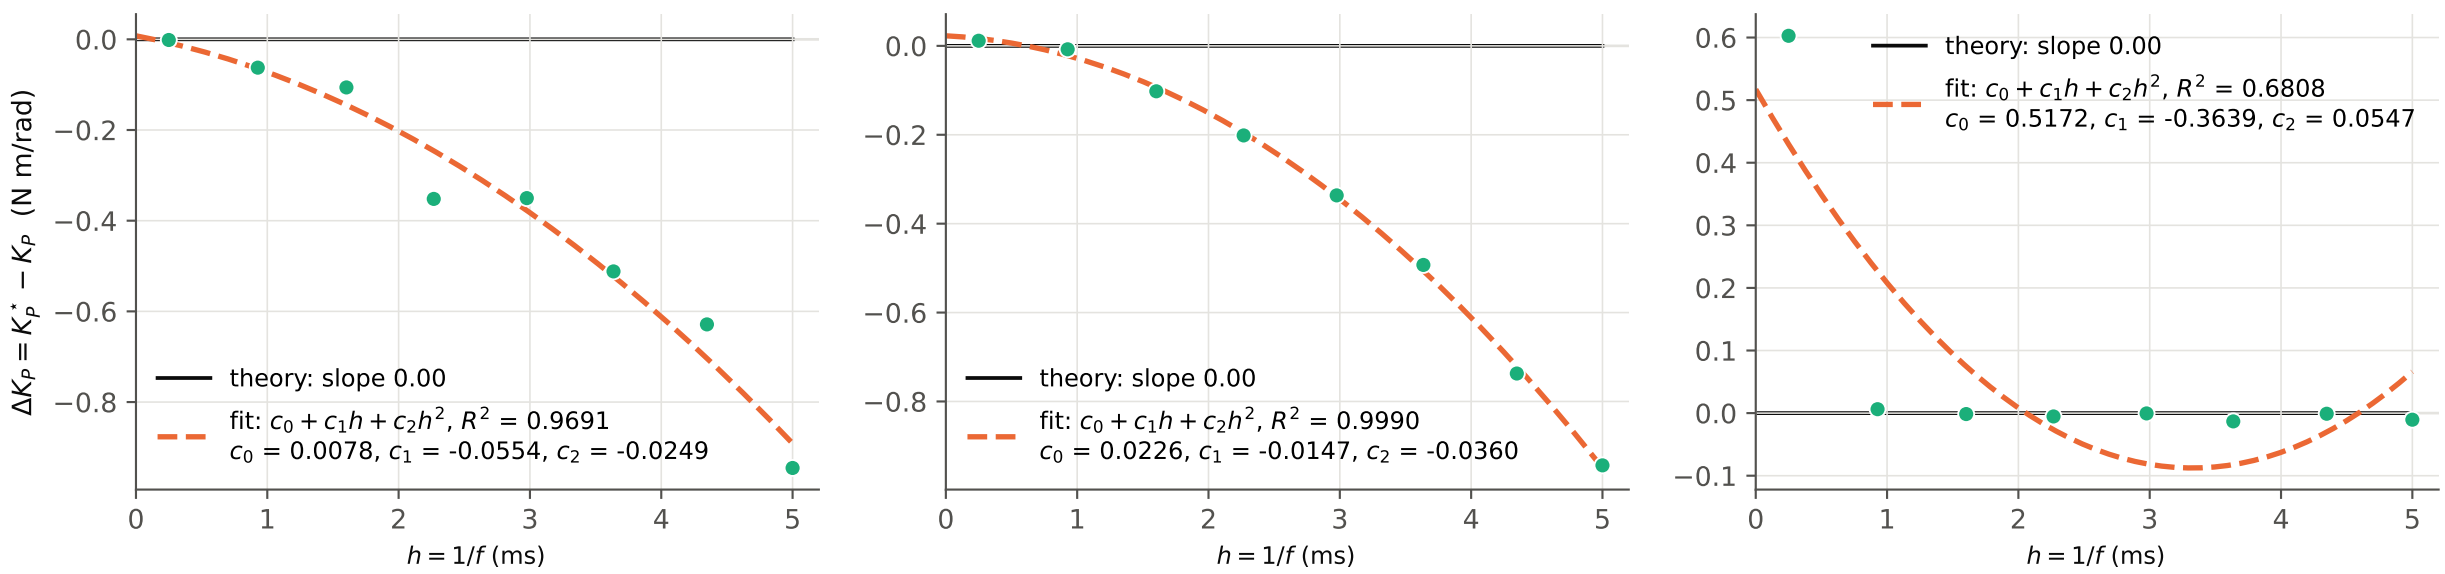
explicit PD + TGS
fitted: rotor inertia, K_P, K_D, d

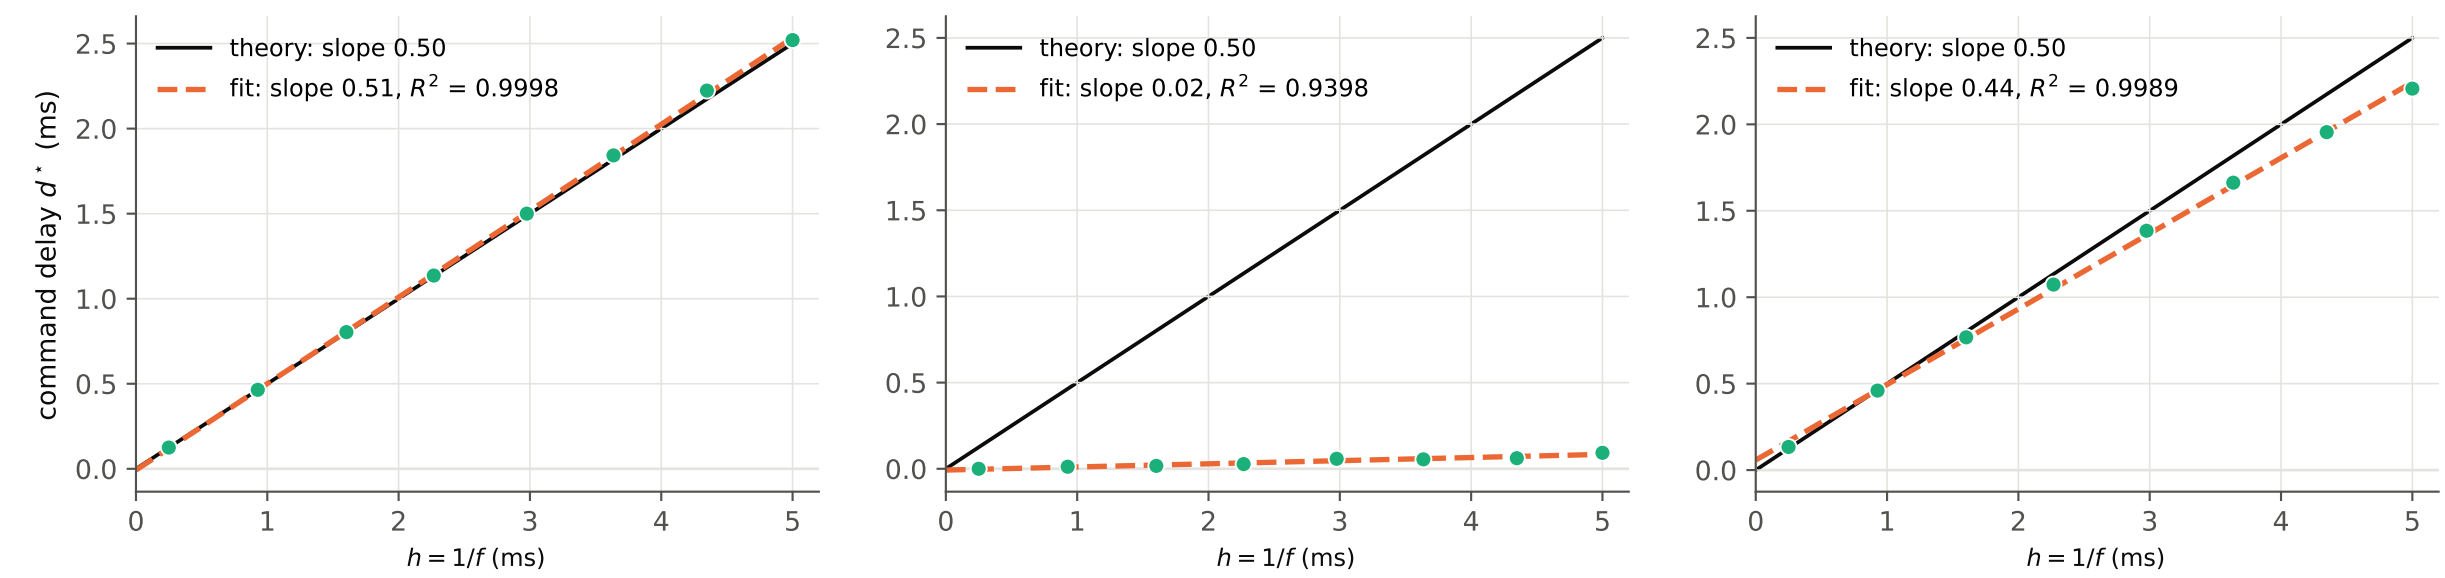
PhysX drive + TGS
fitted: rotor inertia, K_P, K_D, d

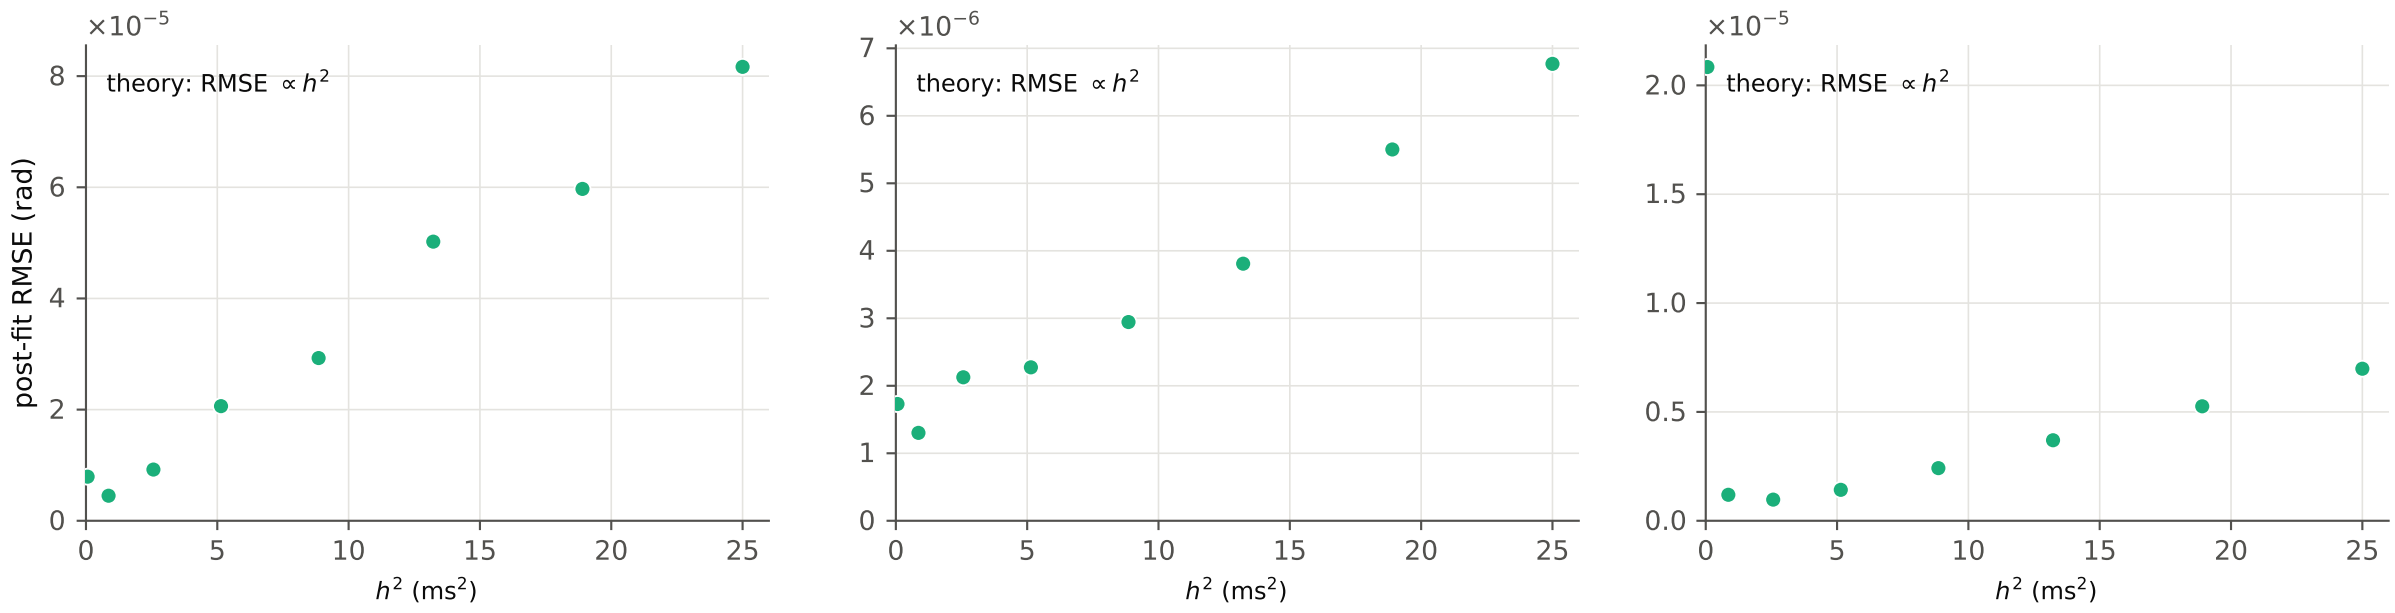
PhysX drive + PGS
fitted: rotor inertia, K_P, K_D, d











Isaac Sim 5.1 / PhysX, single pendulum, on the same h grid as the MuJoCo figure.
Parameter rows: first-order theory (solid); fit (dashed), linear, or quadratic where the theory slope is 0. Last row: post-fit RMSE against h^2.
